INCOME OPPORTUNITIES WITH FREEDOM SPRING

American Bio-Compatible Health Systems, Inc. offers five methods of creating personal income with the Freedom Spring System line of products. An individual or company may chose one or all of the methods that fit best with their abilities and needs. Each type of sales venue has different procedures and requirements.

First, let's briefly define each venue. Details of each program will follow.

1. Online Affiliate Program

You may place a link or banner (graphic or product) on your website. When someone comes from your website and purchases from our shopping cart, you will earn a percentage of that sale. You also have another opportunity to increase your affiliate income by finding other people to join our Online Affiliate Program. You will earn a percentage of their affiliate commission. All commissions are calculated automatically through our shopping cart system and paid monthly.

2. Online Store Distributor

You currently have an online store and would like to place all or some of our Freedom Spring Products into your own product line or catalogue. You may either carry inventory in your warehouse or you may request drop-shipping to your customer. The Freedom Spring product will be available to you at our current wholesale prices.

3. Physical Store Distributor

You currently have a physical location (retail store, gym or medical or health practice) where you will be displaying the Freedom Spring System and selling products in a retail environment. You may carry inventory or request drop-shipping to your customer. The Freedom Spring product line will be available to you at current wholesale prices.

4. Independent Distributor of Freedom Spring Products

If you are a great salesperson and would like to sell the Freedom Spring line of products through personal contact, advertising, expos, etc., to gyms, nursing homes, friends, relatives, etc., then you may become an Independent Distributor. After your purchase of your Freedom Spring System at the retail price, you may purchase our products at the current wholesale prices. You may also have the option of using our credit card processing service for a fee. You may decide to carry inventory or request drop-shipping to your customer.

5. Freedom Spring Products Representative

You are an experienced salesperson and enjoy talking to people about health or fitness. You visit chiropractors, gyms, health food or fitness stores, etc. and sign them up to sell The Freedom Spring System at their location. You will make a profit on the retail sale of their first system. When your client calls you or our office to place an order for their own sales or inventory, you will earn a percentage of every sale. This is an excellent way of earning a residual income.

Now, the details….

1. Online Affiliate Program

5. Freedom Spring Products Representative

If you are an experienced salesperson and you enjoy the health or fitness field, you may set up Independent Distributorships or "Accounts" with chiropractors, doctors, health food stores, gyms and fitness centers, etc. You may also act as in Independent Distributor and sell our product to consumers in the general public or at trade shows or expos.

As a Freedom Spring Products Representative, as an example, you set up a chiropractor as an Independent Distributor to sell Freedom Spring Systems to his patients. The doctor will become your "Account." The system that the doctor purchases for treatment and/or demonstration in his office will be purchased at full retail price. As a Freedom Spring Products Representative, you will earn the full profit as commission. ($449.95 retail - $249.95 wholesale = $200.00 Profit). Then when the doctor places orders through you or our office, you will earn a 10% commission from every order he places for product.

Example: Your "Account" customer first buys their personal Freedom Spring System for demonstration. Then later that month, they place an order for Three Standard Freedom Spring Systems to sell to their patients. Your monthly commission for that Account is calculated as follows:

First Freedom Spring System:	$449.95 - $249.95 = $200.00
Doctor's Order of Three Systems: (3 x $249.95 = $749.85)	10% of $749.85 = $75.00
YOUR TOTAL COMMISSION:	**$275.00**

Now, that is just one doctor. If you set up 10 doctors, 20 doctors, 100 Independent Distributors **…** do the math.

a. INVENTORY AND SHIPPING

As a Freedom Spring Products Representative, you will only need to purchase your Demonstration Kit, which will include the Folding model of the Freedom Spring System, a carrying case and promotional and sales materials, which will be made available to you at a special price. You will not need to carry inventory, as you will take orders from your accounts, and we will ship directly to them or you for delivery. Your Accounts will pay the shipping charges. We will also provide credit card processing services at no additional charge for our Freedom Spring Products Representatives.

If you also decide to act as an Independent Distributor, you have the option of carrying inventory or request drop-shipping directly to your retail customer. If inventory is to be carried, shipping costs are the responsibility of the Independent Distributor. Shipping arrangement requests may be made to us, and costs will be added to the order total. Product is also available for local pickup in Simi Valley, CA. Limited product pickup is available in Westwood, CA. Call us for an appointment for product pickup.

Drop-shipping is available upon request. If we ship directly to your customer, we will add $44.95 per Freedom Spring System to your invoice for Continental US orders. You may pass that charge along to your customer. Please see our detailed shipping price list for various products.

b. PRICING – WHOLESALE AND RETAIL

As a Freedom Spring Representative, you may set your own retail prices for The Freedom Spring Products for retail sale to your Account (for their first system). However, you will be required to distribute our wholesale price lists to your Accounts that you set up.

As an Independent Distributor yourself, you may purchase Freedom Spring Products at current wholesale prices. Payment for product must be received before shipping to you or the customer. We recommend submitting a credit card to be kept on file for inventory orders. Or you may order product in our shopping cart online. Register as a "Wholesale" Member in our Shopping Cart area, then you may order product online at wholesale prices. All online orders are carefully reviewed before actual payment processing. For consumer retail sales in which you are acting as an Independent Distributor, our credit card processing service is available for a fee of 5% of the total sale.

c. DISPLAY, IMAGES, LOGOS AND TEXT

We suggest that you purchase a Freedom Spring System for display and/or demonstration. Freedom Spring Product Representatives and Independent Distributors with the ability to demonstrate the Freedom Spring System will be listed on our website as a local representative that customers may contact for demonstration and purchase of the product. Upon request, we will supply images, logos, product descriptions for use in advertising. Please let us know if you would like any particular product shots or customized descriptions. You may also purchase brochures and other POS supplies from us for a reasonable cost.
